Letters to editor

Dear Ralph,

I have learned, much to my regret, that the Valley News-Times will soon lose an editor-publisher who, in my estimation, is an outstanding journalist.

I want you to know how I admire, and as a member of the community, appreciate the objective and impartial presentation of the news, which has been your hallmark.

Since I first started my subscriptions to the Valley News-Times some six years ago, I have observed that your reporting of the news was always positive, and never subject to sensationalism.

Too many in the news media today trade on human tragedy and human weakness that savor of scandal-sheet publications, to portray only the shocking and sensational, and in doing so, betray a public trust.

I am happy to state that the quality of life in the Meridian community has been enriched by the positive approach of the Valley News-Times.

Ralph, you and your weekly publication of the news will be greatly missed. However, I can apply to you, and very deservedly so, the words of the Good Book

"Well done, good and faithful servant".

God bless you, Ralph, God go with you.

In Appreciation,
Father Halpin, Pastor

Valley News-Times editorial

Farewell to the old, welcome to the new

A good business deal is one in which both the buyer and the seller are pleased. That is the way that both the Tribune Publishing Company and we feel about the Tribune's purchase of the Valley News-Times.

We are pleased because the Tribune group has been publishing quality Idaho newspapers for more than 80 years. The Lewiston Morning Tribune was founded in 1892, and the present publisher-editor A. L. "Butch" Alford is the third generation of that founding family.

The Tribune holds a high reputation as an outstanding Idaho daily, and "Butch" Alford has added to that his own top-standard personal record. Among other accomplishments, he is a member of the state board of education, and a member of the board of directors of the Idaho First National Bank. He is a young and progressive man, as is Steve Matlock, who will be the new publisher of Valley News-Times.

Valley C-of-C's honor publishers

RETIRING PUBLISHERS of the Valley News-Times, Ralph and Jean Hunter, were honored Monday night with a "Distinguished Citizen" award by the Treasure Valley Chambers of Commerce, representing 28 cities of southwestern Idaho and eastern Oregon. Wallace Lovan, master of ceremonies, cited the Hunters for their years of community service, the many offices each has held in state, area, and local organizations, and the honors they have won—including Mr. Hunter being named Meridian's "Man of the Year" in 1964, Mrs. Hunter "Woman of the Year" in 1974, and Mr. Hunter receiving Idaho's top newspaper honor, the title of "Master Editor Publisher" in 1971. The Hunters will retire next week, with the Tribune Publishing Company assuming ownership of the Valley News-Times as of May 1.

(Valley News-Times photo by W.K. Hadlock)

We are sure that the Tribune group will work hard to improve and expand the Valley News-Times, and that its appeal to readers and advertisers will continue to increase.

From the viewpoint of the purchasers, they recognize the almost unlimited potential of the Valley News-Times, and feel that they have made a wise investment in the future. The entire readership area is expanding in every way, and the future will bring unprecedented growth, progress, and prosperity.

In our farewell as publishers, Jean and I want to thank all the thousands of area residents and the hundreds of business people for their interest and support during the past 19 years. We have a deep loyalty to the community, where we shall continue to live, and it has been a privilege to publish your home-community newspaper.

—Ralph and Jean Hunter

Meridian public library observes National Library Week April 13-19

Meridian public library has joined the rest of the nation in celebrating National Library Week, April 13-19.

Stressing the theme "Libraries Have IT!", librarian Grove Koger pointed out that, despite its small size, the Meridian library has a lot to offer.

"Besides fiction and non-fiction for all ages, we have a regional library system. We also offer art prints and small pieces of sculpture from Boise public library that our patrons can check out, and we're receiving the local newspapers."

"We're adding to the collection all the time, and while we don't have every book our patrons ask for, we can borrow almost anything from larger libraries for a few pennies postage. Soon we'll be able to offer a dozen national magazines, not just for browsing but also for research. This summer there'll be a children's reading program, and by fall we should have a story-hour organized."

The latest service to patrons of the library is a phonograph. Patrons may listen to their own records or choose from a number on loan from Boise public library.

The library is open from 2 until 6 p.m. each Monday, Wednesday, Friday and Saturday; and from 7

until 9 p.m. Monday and Friday evenings. Free service is available not only to residents of Meridian, but to all those living within the Meridian Free Library District.

Koger resigns

Library under new wings as Mrs. Arndt takes over

"If they learn that reading can be fun, I think reading problems will vanish," said Eleanor Arndt, new librarian at the Meridian library.

Mrs. Arndt was sharing her philosophy as a librarian with Grove Koger, librarian for almost two years, who has resigned to travel in Greece and Yugoslavia.

Mrs. Arndt is leaving a post at Caldwell public library to take the Meridian job. She has worked as a branch librarian in San Jose, California, and has worked extensively in cataloging and reference, during her 12 years as a librarian. Eight of those years were spent in the San Jose library system.

Master's degree

Born in Pocatello, Mrs. Arndt went back to college at age 42 and after her children were in their late teens, and earned a bachelor's degree and a master's degree in library science from California State University at San Jose.

She recently returned to Boise where she had lived previously for 35 years, and worked for the state library and the state law library.

"I'm pleased to work in a small library," Mrs. Arndt said on the morning of her first day on the job. "In a small library you can work with the people. With a large library there are too many people and too many books for that sort of thing. I like to know everyone."

Because it was her first day on the job Mrs. Arndt said she did not have a full list of plans for the Meridian library but one thing she wanted to do was to build rapport with the library users to find out what kind of books they wanted to read.

"It is my desire to meet the needs of the community," the new librarian said. "I'll be listening to everyone. I can't guarantee we can do everything they suggest but I

want to hear their suggestions."

Library survey

She said she may in time take a survey to see when the busiest library hours are and if they should be changed.

"I want the library circulation to meet the needs of the community," she said. "We will be wanting to increase our children's collection. Children are what you build your future on."

The district has a \$4,800 book budget which can buy about 1,000 books, but the rising cost of books means the money doesn't buy as much as it has, the new librarian said.

The Meridian library had a 38,226 circulation in the past 12 months, Koger said, adding there are 2,500 active patrons on the library rolls.

Koger, who was hired almost two years ago when the library district was formed, became librarian after Nancy Sage retired. Mrs. Sage had been librarian since 1961.

Koger and his wife Ellen will spend the rest of the year in Europe.

"We were there in 1972 and 1973 and we liked it so much we want to do it again," he said.

During his time as Meridian librarian Koger said he tried to meet the needs of the district which he said were broadening as new people move in.

He has been buying self-help books, current history, how-to books, best sellers, classics, semi-classics, modern classics, westerns and mysteries.

New granddaughter

Mrs. Edith Crockett especially enjoyed a weekend visit from her grandson and wife, Mr. and Mrs. Bill Dubin, and little 4-month-old great-granddaughter, Soko, whom she hadn't seen. The visitors are from Gilchrist, Oregon.

Matcham. The travelers and Mrs. Matcham enjoyed dinner at the Jim Prull home in Nampa on Easter Sunday.

The books are for readers in kindergarten to junior high school. They are shelved together in the children's section and readers may check out a maximum of three at a time, said Mrs. Arndt. There is no limit on the number of other books which district residents may check out.

The summer reading program

started Tuesday and about 150 youngsters are expected to enroll in the two-and-a-half month program.
