She introduced program chairman, Marguerite Patch who introduced the guest speaker, Reverend Fothergill, minister from the Methodist Church. He gave us a very worthwhile talk on, "After Christmas Thoughts". He mentioned there were three kinds of people in the way they look at things after Christmas. First, there are the Philosophics who take matters as they come, no matter; then the Cheerful Charms who enjoy the many winter attractions or other ways of entertainment and last the "Gum Grunts" who see nothing for which to be thankful. Rev. Fothergill told of some traditions of other countries and the difference from our observance of Christmas heritages. The main objective is to always keep the Christian faith in our observance.

The Collect was repeated and Pledge of Allegiance given by all.

September, 2, 1968.

President Sally Lee called the club to order at 2 p.m. and called for the club Collect.

Tribute was accorded our flag.

President Sally welcomed the 25 members and ~~the~~ four guests, Mrs. Anna Blair and the three girls present to provide the program. Marie Sandy in charge, introduced Teresa Tebbs, Star; Nancy Ostroot, Eagle; and Jackie Faustain, Meridian. The three girls who are entered in high school as seniors gave a resume of their week at Girls' State, held the past summer in Nampa.

Teresa read her weeks diary as recorded there each day.

September, 2, 1968. continued.

It was refreshing to hear the personal record of a girl's humor, pathos and depth of perception.

Nancy and Jackie had coinciding ideas. Each girl expressed that having lost in individual attempts to attain offices, several things had been learned; most important, accepting defeat, but to keep trying. Each gave the slogan of their respective city; each showing serious, mature thought. Following the rendition of America, sung in round, the girls ended their program by singing the Girls' State song.

She also read that married women working outside the home, for the first time in history, outnumber the single women.

Hazel Goodwin reported these amounts had been given the committee; Gladys Bales, \$25, #1 Lee Hedrick, \$25 from the daughters of Mrs. Ma-shears, \$2 from the Brusses and \$5 from Kathryn Ogilvie. A wheel chair which had belonged to Ethel Soucie had been given the club.

September, 2, continued

Our president requested each member to assist Deane Uler, chairwoman of the Membership committee, in attempting to attain new members. She also stated that Clysta Gray, Historian, desired members keeping and dating with pencil, all material found which may be suitable for the club scrapbooks. Each year monetary gifts are made for the best book at convention.

Under NEW BUSINESS president Sally presented a comprehensive report on facts concerning possible sale of club property. The realator, Mr. Jackson, had suggested and emphasized that the club ask \$5,000 for the property and that doubtlessly it could be received. The desired land lies between our north building wall and the property of the Mountain States Telephone property (purchased some years ago from the club). A bonded appraiser from Boise, sent by the phone company had appraised the property for \$1,700 for the forty feet; the company being willing to give \$2,500. The club board members, desiring their own appraisal from a local realator, had received these figures: \$3,000 per 30 feet and the company (phone) to pay all expenses relating to the transfer; this last because they had approached our club representative and because we had given no listing to them or their representative and no agreement, verbally or otherwise had been made. Details relating to the above appraisal are: corner property on corner of highway through town had several years ago sold to nationwide company for \$3,000 per 30 feet. Property has since risen considerably gone down some in value; the bare strip of land belonging to the club is between two buildings, is not corner property nor is it on a main street. Thusly the \$3,000 seems a comparable price, and excluding expenses, expenses as explained. Discussion followed, several good suggestions being offered. Zelma Haworth made this motion: "that the club executive board plus the House and Grounds committee have charge of further negotiations and if satisfied with the offer made, to sell." A show of hands determined that the motion carried with a near unanimous vote.

Attention was drawn to the layout of the year book front. The figures representing our two main projects had been suggested by the president in 1957. That a stencil had been made by Clifford Stringer. That at many conventions since, much favorable comment had been made on the Meridian book. Some expressed then and later a hope that it would never be changed.

Remarks were made concerning the needs of the club rooms and a request made that members present ideas to the House and Grounds committee.

Compliments were made for the display of beautiful flowers. Our president was acclaimed for having so well presented a complicated piece of business and in conducting her first meeting which was then adjourned.

Mrs. Susie Cairns and Mrs. Zelma Haworth presided at the tea table for which the following were hostesses: Mmes; Blanch Wolff, Deane Ulmer, Oral Coleman, Lena Bodine, Viola Moore, Sally Lee and Mildred Botkin.
