Mrs Masterson gave a very complete report on the Safety Campaign Council held in Boise and we as a club agree it is a very worth while movement and go on record here as being 100% behind it.

Leonard Stevens presented the recreational activity, sponsored by the State Board of Education & the P.W.A. he being the local manager. The idea is to help idle minds, or those who have extra time on their hands, to toy & educate them & keep them mentally, morally & physical. We as a club feel the need of such a project in our community under the present conditions, as they exist.

Mr Colwell Miller presented the idea of a local talent play this fall to be sponsored by our club and proceeds to be split 50-50 with the company he represents. The club voted to sponsor the play in the fall under Mr Miller as their representative.

Mrs Bruffy was taken in the club as an Honorary member.

Mr Elord Weymouth was present with us from Caldwell and confessed having no program arranged by her.

Miss Perry gave two fine readings & Miss Gallatin gave a wonderful talk in honor of "Mothers" and closed by giving a "tribute divine" as mothers being God's best gift to Earth.

We feel that the University

Extension Dept has given us a great deal of program help in the past year, and all very much of a worth while nature.

Our hosts for the day were Florence Robinson, Rains, Rice and Parker Caldwell. They served Jello, wafers and coffee.

We all agree there is real art
hidden in cooking, and an
essential part of it is combining
the proper foods.

We easily realize she herself is
well qualified and a master
in culinary art. The
demonstration was enjoyed by
all & appreciated too. We
each had friends we wished
had been ~~there~~ to also, to hear
her lecture & enjoy the
demonstration.
